Technology does not always hurt the eco-system. On the contrary, the right kind of technology can help preserve the environment. With Redren Novice installed, you can enjoy warm water in all seasons and be at peace knowing that your investment is not damaging the environment.

Redren Solar Water Heater Ranges
ETC Solar Water Heater
With Redren Novice, it's possible.

FEATURES

Tough Tank
- Inner Outer Tank Made from Finest Galvanized Steel
- Outer Tank is Seven Tank Process and Pure Polyester Powder Coated
- UV and Corrosion Resistant
- Inner Tough Tank Highly Corrosion Resistant

Ultra Conductive Collectors
- Ultra Conductive Evacuated Glass Tube
- Collectors with 3 Layers CU/SS/Al-N
- High Power MFMS Coating For Heat Absorption
- Conductive glass tube for more Hot Water

G I Stand
- Designed with GI using Welding less Technology
- Pure Polyester Powder Coating for Corrosion Resistance.
- All Standard Accessories and Fasteners are used.

Puff Insulation
- Automated Storage Tank Insulation
  - High Pressure Injected with High Density Puff Insulation.
  - High grade puff for hot water retention

Available Capacities
- 100 LPD
- 150 LPD
- 200 LPD
- 250 LPD
- 300 LPD
- 500 LPD Compak
- 500 LPD Manifold
- 1000 LPD Manifold & Above
